

# TENNESSEE WATERWAYS DIRECTORY

Tennessee Lakes and Rivers  
Resource Booklet

**Be Water Wise**

Prepared by the  
Office of Rail and Water  
Tennessee Department of Transportation

**November 2005**

# PREFACE

The Office of Rail and Waterways of the Tennessee Department of Transportation (TDOT) is proud to present you with this the first publication of the Tennessee Waterways Directory. This directory is published to encourage and assist the transfer of information of those doing business in waterway transportation. However like any document of this nature, it is only as usable as the information that has been obtained by our office for content.

This directory includes a listing of all known public and private businesses that provide recreational tourism & retirement, commerce & trade, industrial development, and environmental quality for the inland waterways of Tennessee; as well as local, state, and federal governmental agencies and associations.

Corrections, additions, or requests for additional information should be forwarded to:
